NWESC 2017 FALL GELDING CLINIC

FUNDED BY THE DJ&T FOUNDATION

**Announcing the next NWESC Gelding Clinic: November 18th, 2017
(15 STALLION LIMIT – RECOMMENDED DONATION: \$50)**

Northwest Equine Stewardship Center (NWESC) is thrilled to announce our last Gelding Clinic for 2017! With the profoundly generous support of The DJ&T Foundation - founded by Bob Barker – the gelding clinic will offer this important surgical procedure to rescues and qualifying owners. *(Pre-registration required – see below)*

Each year, 90,000 to 140,000 unwanted equines in the USA are slaughtered. With the collaborative efforts of NWESC, Cedarbrook Farms, and The DJ&T Foundation - and the combined goal to reduce the number of unwanted horses in our region - we are proud and honored to be holding this event. Additionally, our Gelding Clinic Program provides veterinary students with hands-on, cruelty free learning opportunities in an environment where they can learn about the community's equine needs, while under direct supervision of licensed, highly experienced veterinarians.

So, spread the word, don't miss out, be the change ... and SIGN UP TO PARTICIPATE, TODAY!

PRE-REGISTRATION REQUIRED

2017 Gelding Clinic Images by Cindy Coker

- This clinic is open to rescues as well as the public for equine owners who require financial assistance in order to geld their stallions. For an application, please visit our website at www.NWESC.org, or contact NWESC at (206) 940-8589.
- Gelding procedures will be provided for the participants of this clinic through the support of The DJ&T Foundation. So that we can continue to offer this service to the community in the future, there is a suggested donation of \$50. Thank you!
- \$50 application reservation deposit required – refundable upon owner arrival at clinic. Non-refundable if owners do not show up.
- 15 stallion limit – don't miss this HUGE opportunity – sign up now!
- Owners are responsible for all other costs associated with the clinic, such as travel, tetanus vaccination, and any aftercare, including, but not limited to Bute, antibiotics, emergency calls, and recheck examinations as required.
