

Request for Inclusion Application

Thank you for your interest in supporting NWESC! It is our intention to provide horse rescues with critical veterinary and rehabilitation services. We strive to create educational opportunities for the community and veterinary professionals to learn hands on techniques while benefiting animal welfare. We are excited to share this mission with you. In accordance with our mission of animal welfare our property is a vegetarian workplace.

NWESC endeavors to provide the local equine community easy access to like-minded organizations, service providers, vendors, trainers, and individual/corporate support. This "HUB" function is provided as a courtesy with the intention to keep our region informed and effective in our delivery of exceptional equine care. Inclusion in our 'Links' and/or 'Special Events' page does not in any way indicate NWESC endorsement or recommendation.
